Ischia is the main island in the Gulf of Naples. In the eighth century b.C. the Eubeans founded the first colony of Magna Grecia devoted primarily to the production of wine and the manufacture of pottery. In Lacco Ameno was found the so-called Cup of Nestor, the oldest manuscript of the post-Mycenaean Greek writing, with the verses of the Iliad: "Of Nestor... good to drink the cup But those who drink from this cup, immediately will be taken by the desire of love for Aphrodite, with the beautiful crown". Ischia is known since ancient times for the fertility of the soil, the mild climate, the beautiful landscapes, the richness of natural waters. In Ischia famous people lived in all ages. It is one of the main spa in the world, and there are many beautiful beaches and quaint towns to be discovered. Many tourist facilities, located in the 6 municipalities of the island, guarantee quality and prices for all budgets.
